Open Discussion:

1). "Off Premises Signs" per SRL

A number of business and private members from the community attended with a request for the planning board to consider amending the law, that prohibits off premise signs. Factors included in their request were the impact to their businesses and from others the appearance of the community. The board agreed to take a look at the possibility of amending the law, with such items as a time frame, the appearance of the signs, property owner permission and the impact on the community. Co-Chairperson Ritter will check with other towns regarding their off premise signage.

The board will request, from the town board and codes officer, that the 90 day violation order be delayed until the matter has been fully addressed.

A motion was made by Co-Chair Ritter and seconded by Member Daktor to table this item until the February meeting for further review.
