

> I am respectfully requesting the town board and town clerk to add to the agenda of the December 30th, 2015 meeting, and to read into the minutes, this proposal to name the twin bridges after my late husband, Parker Snead, and to forever call the twin bridges the Parker Snead Memorial Twin Bridges.

> Parker fits the requirements for having a bridge named after him, and to support my proposal, I have all of the emails, records, contracts, newspaper articles, personal notes and messages, as well as his reams of research, artist renditions, models, and petition signatures related to the public referendum and his "NO Means Never" campaign that proves without a doubt that without Parker's tireless efforts and strong sense of civic responsibility and community pride, our beautiful bridges and related public recreational areas would not be here today.

> I have strong public backing on this proposal, and many interested people who are willing and ready to acquire signatures, testimonials, council and monetary contributions for the plaques if necessary. I also have support from The Adirondack League Club and a newly formed group entitled Friends of Parker Snead.

> Thank you in advance for your consideration and reading this letter into the minutes.

> Yours truly,

> Joan Snead
