Forestport, New York 13338

Dear Basil,

Last night at the Town meeting July 10th we had a number of complaints about highway matters. These were problems more involved with you as highway superintendent than the Town Board. Many items on your bill list were questioned with no answers.

Please let us know if you continue to remain Superintendent or as you said at one meeting you would resign if we felt it was best. Perhaps it would be best if you turned the job over to someone else. I have always felt I could work with you and you have been very cooperative in the past but the Lakeview Road, Moose River and Bower Road people are all over us. Please let me know your decision.

Yours,

Donald M. Cousineau
Supervisor
Town of Forestport
